

Winter School in Abstract Analysis section Set Theory & Topology

31st Jan — 7th Feb 2015

Tutorial Speakers: C. Laflamme, D. Milovich, J. T. Moore, A. Roslanowski

Registration Deadline: 31st December 2014 (opens in October)

Dates: 31st January — 7th February 2015

Registration fee: expected to be around 300 Euro (incl. transport to/from Prague, accomodation & meals)

Location: Hejnice, Czech Republic

Organizers: B. Balcar, D. Chodounský, J. Starý, J. Verner

WWW: <http://www.winterschool.eu>

The school is traditionally split into a tutorial part and a research part where shorter research talks from the area of Set Theory, General Topology, Measure Theory and related fields can be presented.

The tutorials will be given by

C. LAFLAMME, D. MILOVICH,
J. T. MOORE and A. ROSLANOWSKI

The meeting has an informal atmosphere with a lot of time for friendly discussion. Also in the research track, even if we prefer to know in advance, we do our best to accomodate people deciding to give a talk at the last minute.

The meeting takes place in a renovated monastery just on the foot of Jizera mountains.

More information and registration is available at our website
