section Set Theory & Topology

27th Jan–3rd Feb 2018

Tutorial Speakers: L. Aurichi, J. D. Hamkins, J. Lopez-Abad, I. Neeman
Registration Deadline: 31st December 2017 (opens in October 2017)
Dates: 27th January–3rd February 2018
Registration fee: expected to be around 350 Euro
(incl. transport to/from Prague, accomodation & meals)
Location: Hejnice, Czech Republic
Organizers: D. Chodounský, J. Starý, J. Verner
WWW: www.winterschool.eu

The school is traditionally split into a tutorial part and a research part where shorter research talks from the area of Set Theory, Set Theoretic Topology and related fields can be presented.

The tutorials will be given by

L. AURICHI, J. D. HAMKINS, J. LOPEZ-ABAD, I. NEEMAN

The meeting has an informal atmosphere with a lot of time for friendly discussion. Also in the research track, even if we prefer to know in advance, we do our best to accomodate people deciding to give a talk at the last minute.

The meeting takes place in a renovated monastery just on the foot of Jizera mountains.

More information and registration is available at our website
